‘Pest Control Supplies’ Now Distributes *ActiveGuard*[™] Mattress Liners

AMBLER, Pennsylvania (Wednesday, June 19, 2013) – Allergy Technologies LLC announces Pest Control Supplies has joined its nationwide network to distribute *ActiveGuard*[™] Mattress Liners.

Located in Riverside, Missouri, just north of Kansas City, Pest Control Supplies has been a distributor of commercial, residential and agricultural pest control supplies for more than 100 years. Distribution of *ActiveGuard* Mattress Liners enhances the Company’s portfolio of products trusted by Pest Management Professionals (PMPs), according to John Chaney, Vice President of PCS.

“*ActiveGuard* is a product that delivers value, performance and brand recognition to our customers,” said Chaney. “PMPs that use *ActiveGuard* depend on it for fast and long-lasting results and we’re proud to be able to deliver it to through our distribution center.”

Distribution through Pest Control Supplies helps Allergy Technologies continue to reach new growth milestones by providing enhanced availability of *ActiveGuard* to their PMP customer base, said Joseph Latino, Chief Operating Officer (COO) for Allergy Technologies.

“As the incidence of bed bug infestations continues to widen throughout the country, it’s essential that PMPs have access to products that are well-studied and characterized as being able to provide superior control and prevention,” said Latino. “*ActiveGuard* is an industry leading product and represents the premier active mattress liner on the market – PMPs who try it once come to depend on it for its performance and integrate it as an essential tool within their IPM treatment and control programs. We’re proud to partner with the Pest Control Supplies’ team and welcome their distribution of *ActiveGuard*.”

About *ActiveGuard* Mattress Liners

ActiveGuard is the only pro-active strategy for preventing a potential bed bug infestation. The liners actually kill bed bugs within 72 hours; even those resistant strains studied! These thin and breathable liners are easily installed onto mattresses and box springs and kill bed bugs and dust mites continuously for up to two years.

Extensively lab and field tested, *ActiveGuard*’s ability to keep on killing bed bugs provides continual protection against any adult bed bugs, nymphs or eggs that may be introduced into a room.
