A Product you can Trust -

August 2014

The EPA and all fifty state agencies accepted label language for *ActiveGuard®* Mattress Liners allowing for the removal of all cautionary words; there are no use restrictions

Allergy Technologies' Latest Safety Data Sheet for *ActiveGuard®*

This product is EPA Toxicology Category IV by all routes of exposure; no signal words or hazards to humans and domestic animal statements are required

Cutting Edge Research – Dr. Susan Jones, Journal Medical Entomology – April 2015

After just 10 minutes of contact with the liner, bed bugs demonstrate inhibited feeding and females exhibit a significantly reduced ability to drop their eggs

No reports logged by InfoTrac™

Over 100,000 *ActiveGuard®* liners are in use and since 2006, not one product-related report has been filed with this international toll-free emergency hotline

A Company you can Trust -

Sponsored Commitment to Research

Three separate 1 year + field trials in support of *ActiveGuard®* claims; no other bed bug product has been as carefully studied

Grants

The Ohio State University receives over \$100,000 each year to support *ActiveGuard®* and bed bug research through peer-reviewed publication

Philanthropy

A portion of all *ActiveGuard®* profits to inner-city youth asthmatic clinics as part of its Philanprofit business model

Active Guard®

Mattress Liners for Use Against Bed Bugs & Dust Mites

ActiveGuard® is Currently being Used in Comprehensive Bed Bug Control Programs to Prevent Infestations

Active Guard® Mattress Liners kill bed bugs—even resistant strains studied, as well as dust mites reducing their allergens.

- Kills bed bugs in or on mattresses and box springs
- Effective in both active and preventative bed bug treatment strategies
- Helps control and prevent new infestations
- Reduces biting and controls population growth after 10 minutes of contact
- Soft, durable construction
- Easy, one-person installation
- Lab and field tested on a variety of bed bug strains by entomologists
- No maintenance required
- Saves customer from costly box spring or mattress replacement
- Four sizes fit all
