

March 2017
January 2019: re-release

Re: Amazon and eBay *ActiveGuard* Buyer Warning

Dear *ActiveGuard* Buyers,

Allergy Technologies takes customer satisfaction seriously and, upon investigation of several recent customer complaints about product performance, has determined that there are non-certified resellers selling our *ActiveGuard*® Mattress Liners on **Amazon and Ebay**.

Unfortunately, due to the activities of these sellers, Allergy Technologies can no longer honor our *ActiveGuard* warranty for purchases made through **Amazon and Ebay** or product that does not match the language currently approved for our registered product. Allergy Technologies is working with internet marketplace platforms to ensure that future sales of *ActiveGuard* are **ONLY** sold by 'Manufacturer-Certified Resellers' that adhere to the Company's quality standards for sale.

The *ActiveGuard* warranty continues to be fully supported for any product sold online through our Allergy Technologies website or directly from an authorized distributor.

We appreciate your business and look forward to servicing you in the future.

Yours faithfully,

Allergy Technologies LLC
